

# ChemiGuard™

## Jet-Pro 6000 Plus

Jet-Pro 6000 series protective coverall provides effective protection against permeation of various chemical.

### Product Details

- The fabric comprises a multi-layer high-performance barrier film and polyethylene fabric, offering robust physical strength, wear resistance, and resistance to punctures.
- High-performance barrier films ensure outstanding protection against a diverse range of harmful chemicals.
- The fabric is lightweight and durable, making it easy to wear and move during various work activities and stretches.
- To enhance chemical protection, high-performance strips are applied outside all seams to prevent the infiltration of chemical liquids.
- Featuring a double zipper cover, double cuffs, and double leg openings, the design effectively prevents the penetration of liquids

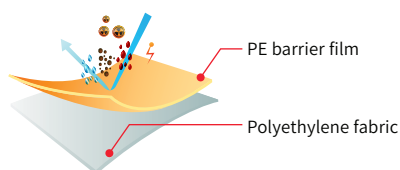

### Applications

- Chemical treatment
- Oil sludge project
- Disease/epidemic treatment
- Oil treatment/storage tank cleaning
- Sewage purification
- Acid and alkali chemical treatment
- Pesticide spraying
- Industrial cleaning and maintenance
- Petrochemical and oil refining applications
- Radioactive particles protection in the nuclear industry

### Industries

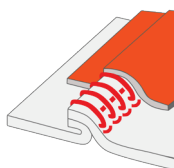

-  Hospitals
-  Chemical & Laboratories
-  Automotive
-  Pharmaceuticals
-  Manufacturing

### Fabric Technology

### Seam Structure

- Reinforced four-line stitching
- Hot-melt strips

### Packaging Information

1 Piece / Polybag  
20 Piece / Carton  
Carton Dimension - 49x33x49 cm  
Carton Weight - 14.50 kg / 31.96 lbs
