

# 1/4" Slotted Screwdriver

## HT608

### Features

- **Blade Material:** Constructed from Chrome Vanadium Steel, offering reliable strength and long-lasting durability.
- **Grip Experience:** Features an ergonomic Cushion-Grip design for a comfortable hold
- **Safety Protection:** Boasts a 1000V insulation rating, effectively safeguarding against electric shock hazards—ideal for electricians and live-work applications

This 1/4-inch slotted insulated screwdriver is designed for safe electrical work up to 1,000 volts. It features a durable 4-inch shaft made from high-strength steel, providing excellent torque and stability. The ergonomic cushion-grip handle ensures comfort and firm control, The double-layer insulation enhances protection when working near live circuits.

### Product Specification

Size	Tip Size: 1/4 In Shaft Length: 4 In
Weight	3.95 Oz
Material	CRV Blade, PP+TPR Handle
Packaging Style	Polybag
Color	Red and Yellow

### Packaging Information

1 Piece / Polybag
12 Polybags / Inner Box
12 Inner Boxes / Carton (144 Pieces)
Carton Size- 27 x 14.9 x 11.4 in
Carton Weight- 41 lbs

### Applications

- **Electrical Maintenance:** Safely tighten or loosen screws in live electrical panels, switchboards, and junction boxes.
- **Industrial Equipment Repair:** Ideal for assembling and maintaining machinery that operates near energized circuits.
- **Home Electrical Work:** Useful for installing switches, sockets, and wiring fixtures while ensuring electrical safety.
- **Automotive Electrical Systems:** Helps in servicing vehicle electrical components without risk of short circuits.
- **Control Panel Assembly:** Suitable for technicians working on control cabinets, terminal strips, or circuit breakers.
- **Power and Utility Operations:** Used by electricians for inspection, testing, and maintenance in substations or power systems.

### Industries

-  Automotive
-  Household
-  Industrial
-  Maintenance
-  Workshops
