

Telescoping Basin Wrench

HT252

Features

- **Material & Craftsmanship:** Constructed from Forged Alloy Steel, featuring exceptional strength and high durability— suitable for high-load under-sink operation scenarios.
- Delivers a secure, slip-resistant grip, enhancing the efficiency of pipe tightening and removal.
- Flexibly accommodates complex-angle operations in under-sink environments.
- Extends from 10 to 17 inches, allowing length adjustment as needed to fit both narrow and spacious work areas.

These Bison Life Adjustable basin wrench is designed for working efficiently in tight or hard-to-reach spaces, such as under sinks and behind fixtures. It features a telescoping handle that extends from 10 to 17 inches, providing extra reach and control.
