SKU Information

Product SKU
BLMS-TSC-36-2-1

Applications

- Roadway Safety & Traffic Control – Direct vehicles in construction zones, detours, or accident sites.
- Parking Management – Mark reserved spaces, guide vehicles, or block restricted areas.
- Construction Sites – Provide clear boundaries and hazard warnings for workers and equipment.
- Event Management – Control pedestrian flow, create entry/exit lanes, and mark off restricted zones.
- Emergency Situations – Enhance visibility during breakdowns, roadside repairs, or disaster response.
- School & Campus Safety – Manage drop-off zones, playground areas, and temporary closures.
